CALEDON

ONTARIO

Andrea was born in 1960 in Toronto, Ontario but raised in Northern Kentucky. Art has always been her passion from a very early age, selling her first painting when she was only 13. She returned to Canada in her late teens and now makes her home just north of Toronto in Richmond Hill, Ontario. Andrea is now a successful, internationally known painter and photographer. Using her extensive knowledge and experience in the design industry she skillfully blends colors and contemporary elements to create unique, trend-setting works of art. Equally happy behind a camera, Andrea's paintings and photography have been sold around the world. You will find her artwork decorating homes, offices and hotels throughout the Americas, Europe, and as far away as Australia.
