

JEFF PICA

NEW YORK

NEW YORK

Jeff Pica was raised in a suburb of NYC and came of age in the 1970's, the fabled era of hedonism and artistic expression. After graduating from college, Pica took up residency in NYC and a position with a brokerage firm on Wall Street. It was during this time he became interested in fine art photography while absorbing the majesty of the "concrete jungle" - the architecture of NYC. Pica left Wall Street to pursue an education and a career in the visual arts. Pica has dedicated his life to photographing the unlikely congruities in architecture and nature both in New York and other urban and rural areas. Recognized for his unique perspective, his work can be found in NYC galleries, private collections and hotels in major cities across the country. Jeff Pica is also an ordained Spiritualist Minister and a founding member of the Spiritualist Church of NYC.
