

# JODI FUCHS

LOS ANGELES

CALIFORNIA

For nearly 20 years, Los Angeles based artist Jodi Fuchs has painted the homes of celebrities, hotels, resorts and movie sets as a decorative painter. She now translates those artistic skills onto her abstract canvases with a playful and decidedly modern twist. Her work reflects an interest in patterns, squiggles, mark making, colors colliding and rhythmic tension. It's the feel of the piece that she finds provocative. When she's not painting, Jodi teaches yoga and art workshops to help others connect with and express their innate creativity.
